December 3, 2009

Mr. S. Alan Keller, P.E.
Manager, Permit Section
Illinois Environmental Protection Agency
1021 North Grand Avenue East
P.O. Box 19276
Springfield, IL 62794 – 9276

Dear Mr. Keller:

Subject: Calumet West Solids Management Area - Calumet Water Reclamation Plant, Contract No. 84-270-2P, C175399, Illinois Environmental Protection Agency Permit No. 2005-AO-4281-2, Monitoring Report for July, August, and September 2009

The attached eight tables contain the monitoring data for the Calumet West Solids Management Area for July, August, and September 2009 as required by Illinois Environmental Protection Agency (IEPA) Operating Permit No. 2005-AO-4281-2.

The data reported are as follows:

Table 1, Analysis of Water from Lysimeters L-1 through L-3N at the Calumet West Solids Management Area Sampled on July 8, 2009

Table 2, Analysis of Water from Lysimeters L-1 through L-3N at the Calumet West Solids Management Area Sampled on August 5, 2009

Table 3, Analysis of Water from Lysimeters L-1 through L-3N at the Calumet West Solids Management Area Sampled on September 2, 2009

Table 4, Analysis of Monthly Composted Digested Biosolids Placed in the Calumet West Solids Management Drying Area During July 2009

Table 5, Analysis of Monthly Composted Digested Biosolids Placed in the Calumet West Solids Management Drying Area During September 2009

Subject: Calumet West Solids Management Area - Calumet Water Reclamation Plant, Contract No. 84-270-2P, C175399, Illinois Environmental Protection Agency Permit No. 2005-AO-4281-2, Monitoring Report for July, August, and September 2009

Table 6, Analysis of Monthly Composited Processed Digested Biosolids Removed from the Calumet West Solids Management Drying Area During July 2009

Table 7, Analysis of Monthly Composited Processed Digested Biosolids Removed from the Calumet West Solids Management Drying Area During August 2009

Table 8, Analysis of Monthly Composited Processed Digested Biosolids Removed from the Calumet West Solids Management Drying Area During September 2009

Three new lysimeters, L-1N, L-2N, and L-3N, were installed at this site in September 2008 as replacements for L-1, L-2, and L-3, respectively. The new and old lysimeters will be monitored simultaneously for one year. A request will then be submitted to the IEPA to terminate monitoring of the old lysimeters.

Biosolids were placed in the solids drying area during July and September 2009. Biosolids were removed from the solids drying area during July, August, and September 2009.

Very truly yours,

Louis Kollias
Director
Monitoring and Research
